Is there any objection to the Sub-Committee which considered this proposal - Needless enquiries are sometimes helpful as it throws an idea of the new proposal & to what extent this additional taxation may be tolerated or accepted by the people concerned. The existing arrangements for the weekly market has not been described - What is the nature of the land contribution which will be exacted for the proposal ? + Market

G. 21.7 with a rough Estimate
Orig. 7/17/98 Enquiries in the matter - Letter sent 30.6.98 and

Municipal
39 of 97 '98

The above orders having been communicated, the President states that at present the market is held on the open ground behind the Shandy cart stand and that the present proposal is to level the ground compresid within the compound wall marked A B C & D in the accompanying plan, to divide the whole ground by grand roads between which level spaces will be left for hawkers to stand while the market is being held.

No allotment has been made in the budget for this work nor is there any money available to meet this expenditure

The President expects an annual revenue of Rs 1300 by the levy of market fees at the marginally noted rates in consideration of the extra accommodation and comfort which will be afforded by the new market-place. He considers that persons using the market will gladly pay the fee

For every cart laden -
do man laden
Bullock cow buffalo or pony laden
Ass laden
Head load
Bull & cow or man laden
sheep or pig

The President requests sanction to the loan of Rs 2500 to meet the cost of an estimate for Rs 2553 on condition of its repayment in 2 years from loan to be credited

collected and to the levy of fees at the weekly market.

A loan of Rs 3000 was granted to the Iyamangoda municipality for the esetension of the town on condetion of it's repayment in five annual instalments with interest at 4 per cent per annum (Vide Proc etc 7649·5·1 07/1/98). L-T 82·97

An advance of Rs 5'700 was made to the Iyamangoda municipality for the esetension of the town, of which a moiety was treated as grant-in-aid and the other moiety as repayable loan.

Submitted to Secretary for orders.

Kadur District.

To

The Secretary to the
Government of Mysore
Bangalore.

Sir,

I have the honor to forward herewith an Extract from the Proceedings of the meeting of the Municipal Board of Tarikere, held on the 23d April last, resolving to apply for a loan of Rs 2000/- from Government to erect sheds with zinc sheet roofing to afford shelter to persons resorting to the Weekly market in the Tarikere town, and to state that the Board propose to repay the loan in 5 years in equal instalments from the realizations from market fees.

2. I beg to enclose for your perusal copies of my letter No 1595 dated 29th April last, addressed to the Collector and — District Magistrate of Coimbatore, and his reply thereto; giving the rates of fees charged in the markets of that District, and beg to state that the Municipal Board are of opinion that the rates charged in that District may be adopted with advantage in the Tanjore town, as a tentative measure for 6 months. (Vide Extract from the Proceedings dated 23d May last, enclosed.) These fees work satisfactorily in Coimbatore in which District very fine market places exist in nearly every important village.

3 Under the above circumstances, I request that you will be so good as to obtain the sanction of Government.

to the loan applied for by the Board and also to the levy of the market fees for 6 months as an experimental measure

I have the honor to be,
Sir,

No. 10 of 1898.

Dated, Chikmagalur, 5th August 1898.

From.

The President,
Municipal Boards,
Kadur District.

To.

The Secretary to the,
Government of Mysore,
Bangalore.

Sir

With reference to your letter No. 188 - L.F. 61-92 - dated 5th Ultimo, asking for certain information in connection with the Fairkere market, I have the honor to make the following reply. —

(2) In Questions i and ii. The market is held on the open ground behind the present Shandy (Sante) cart stand, or to speak more accurately, such part of it as has been drained, levelled and cleaned The proposition now is, to completely level off the whole ground — comprised

comprised within the compound wall marked A, B, C, and D on the accompanying plan, dividing up the whole ground by gravel roads, between which level spaces will be left, on which bandies may unload and stand while the market is being held. A compound wall will run round the whole plot, with a gate at the West marked E; the gate to the East marked F will probably not be needed. All fees to be levied by a peon stationed at the main gate E.

It was proposed to erect a lean-to shed (marked G in the plan) to accommodate the small retail head-load sellers, but this must be abandoned at present as the estimate for the compound wall and large cart-stand market are somewhat higher than was ~~expected~~ anticipated.*

(3) In answer to question III. No allotment has been made in the Budget nor is there any

money available to meet this extra
expenditure.

(4) To question iv. It is reckoned that a revenue of at least Rs 25/- per week, or Rs 1300/- per annum, will be realized from the levy of market fees at the rates as per margin and given in my letter No 177 dated 13th June last. These rates appear to be most reasonable and the Municipal Board of Tarikere are unanimously of the same opinion. The people affected will be those coming in from all parts of this, and the Southern part of the Shimoga District, as the Tarikere Shandy is by far the most important in the neighbourhood; as many as 500 bandies in the dry weather, and 200 bandies in the wet weather, resorting to it. The small fees to be

	Rs	a	p
1 For every cart laden		1	-
2 Do unladen		-	3
3 Bullock, cow, buffalo or pony laden		-	6
4 Ass laden		-	3
5 Head load		-	1
6 Bullock, cow or unladen		-	3
7 Sheep or goat		-	1

be levied for the extra accommodation and comfort which will be afforded by the new market place, will, I am certain, be gladly paid by all those making use of the market ~~it~~, whether bandymen or head-load sellers.

(5). Taking therefore the average returns per annum from market fees to be Rs 1300/-, it will be seen that the Municipality will be able to repay the loan of Rs 2500/-, which is the amount that we now require, within two years.

(6). I trust that Government will sanction the above loan of Rs 2500/- and the levying of the proposed market fees as soon as possible. The present market accommodation is by no means equal to requirements, and the Municipality is wealthy losing an income, which it may reasonably look for from all those making a convenience of the town, as it is now

to the market.

(7.) The sketch plan and Estimates of the proposed market place are enclosed for information and favor of return when done with. An Extract from the Proceedings of the Municipal Board is also enclosed

I have the honor to be,
Sir
Your most Obedient Servant

D. C. Clan
Deputy Commissioner
and President, Municipal
Boards, Kaduna District

Proceedings of the meeting of the Municipal Commissioners of the Tauhkene Municipality convened on Friday the 15th July 1898.

x x x

3. Read Secretary's docket No 188 dated 5th July 1898, calling for further report on the proposal to levy market fees &c in Tauhkene Town.

Resolved that the reference from Government be replied to stating that the loan viz Rs 2000/- is required:—

(i) To raise a compound wall round the new market place,

(ii) To build a lean to shed for the use of petty shop-keepers,

(iii) To level and gravel the market place.

The small fees proposed to be levied will not press hardly on persons resorting to the "Sante".

The average proposed collection of market fees was estimated at

about Rs 25/- per week or Rs 1300 for the

year of 52 weeks

as particularized

in the margin.

		Rate			Amount		
320	Bandies	-	1	-	20	-	-

Sd/ F. E. G. Carr
President,
Municipal Boards
Kaduna District

"Extract"

F. E. G. Carr

President
Municipal Boards
Kaduna District

Report accompanying the Estimate for constructing a new Market in Tarikere Town.

L 81.3

The present cart-stand measures 70 x 77 = 5,390 Sq. yds.

The new extension proposed - 88 x 150 = 13200 Sq. yds.

Thus the total area available for the market is Sq. yds. 18590 Sq. yds. or $3\frac{5}{6}$ acres

The new extension which is solely intended for cart traders can accomodate 320 carts in 4 rows at 80 carts in each row. The existing cart-stand can accomodate in almost all the head-load traders. The loaded carts coming to the Shandy is estimated to be not more than 300 on an average and these only will be allowed into the new provided

empty carts which is estimated to be 100 that come into shandy for buying articles can run up and down on the roads which are 6 yards in width without inconveniencing the other buyers. Therefore the present extension is considered to be quite sufficient. As it is proposed to levy a tax on carts and other traders to meet the cost of the improvement of the place it is quite necessary to enclose the place with a compound wall for facilitating the collection; hence, the same is provided for to be built with two entrances as well as gravelling to all the roads within the enclosure. Provision has also been made for filling up a deep pit in the enclosure

Space. The total amount of the Estimate comes to Rs 2553/-

B. Raghunath Iyengar

Jno. A. Cunningham Esq.
